

Wildwood Elementary School

2022-2023

School Year

NEW STUDENT REGISTRATION for the School Year **Sept. 2022**

The Mountain Lakes School District is in the process of transitioning to a new Student Information System. In an effort to prevent you from having to duplicate an extensive amount of demographic information that is required to register a new student, we are postponing the online new student registration.

For the time being, please complete a preliminary registration form with basic demographic information.

Please note that one form is for **KINDERGARTEN** only. The other form is for the preliminary registration of NEW students in grades 1 through 5

Once the new system is open for general use, you will receive a notification with your login information. It is here that you will finalize the registration of your child(ren).
